3) Tech Report: Reports of CD's "acting up" have been reported, they happened to be 30 seconds. Cecily burnt some new ones. Mics and new monitors are working well.

4) Treasurer's Report: JUNE Summary: \$43,997.26 vs. \$48,160.35 in May
CD: \$20,056.70 w/ accrued interest Operating Acct.: \$21,768.61 PayPal: \$2,171.95

5) Intern proposal discussion: Jeremy shared his thoughts via email. Cecily shared an update on prioritizing duties. Discussion ensued on the pros and cons of an intern. If we move forward, we will speak with Bob D regarding how to set up an internship program. State laws, rules & regulations, etc. All is in favor of moving forward with discussion with Bob and then reconvening electronically or an emergency meeting to approve.

6) Grants updates: Todd is providing receipts for the Emergency Preparedness Grant report that needs to be submitted by June 30th. The State of Vermont has approved the state budget which includes a community radio grant.

7) Remote updates: Patrick has been working on the remote system and later this month will test it in a few places. The new system should be more simple. If it passed the test, we can arrange for live remotes this summer/fall.
